

Vicolo Veleni

Who Are We?

We are a traditional company with over 50 years of experience working with exotic leathers and luxury items. In the year 2018, on the streets of Legnano, Italy, a dream was born: Vicolo Veleni.

At Vicolo Veleni, we design and create sneakers that are truly unique; we use only the best and noblest materials and in perfect harmony with the environment and the conservation of animal species.
